Product identification:

Product name: Wooden pallets and packaging

- Made from coniferous wood (spruce, pine) and deciduous (without soft rot)

We hereby confirm that the above-mentioned products supplied by our company TALPA, spol. s r.o., Trutnovská 301, CZ – 542 42, meet the requirements of applicable European legislation, in particular:

1. Regulation (EC) No 1907/2006 of the European Parliament and of the Council

(REACH): The products do not contain any Substances of Very High Concern (SVHC) in concentrations higher than 0.1% by weight as listed in the current "Candidate List" published by the ECHA. No prohibited chemicals for wood preservation (e.g. arsenic compounds, lindane, PCP) were used in the production.

2. Directives 2011/65/EU and 2015/863/EU of the European Parliament and of the Council (RoHS):

The product (pallet) is made of natural wood and fasteners (nails). It is not an electrical or electronic device. The products do not contain prohibited substances (e.g. lead, mercury, cadmium, hexavalent chromium, PBB, PBDE, phthalates) in concentrations exceeding the permitted limits

3. Phytosanitary treatment:

The pallets were treated in accordance with the ISPM 15 (IPPC) standard using the heat treatment (HT) method, not chemical fumigation (MB - methyl bromide).

This statement is based on our current state of knowledge and information from lumber and fastener suppliers.
